### Vacationing Out Your Phone Service

Going TAD or leaving for the base for an extended period? Don't forget about your phone service. If you are gone when the end of month billing cycle occurs and your account is delinquent, late fees are assessed and phone service is discontinued.

Both BCO and LCN are aware that there are times when customers find themselves in this situation and have established

procedures known as "vacationing out" your account. If you know that you are going to be TAD or on vacation over a billing cycle, come into LCN and "vacation out" your account. You pay your current bill and your phone is turned off so no late fees are assessed during the billing cycle. When you vacation out your account, BCO automatically re-activates your service on the date you list on the vacation out form. When you return from vacation you should contact customer service at 3744 so that an assessment is done on your account to ensure no late fees or changes were assessed in error, and to complete the restoration of your phone service billing. In emergency situations where a customer leaves unexpectedly, or if their vacation or TAD period is extended, the command telephone representative is authorized to "vacation out" an account or extend a vacation out period.

For additional information on "vacationing out" your account, contact Bob Diamond at 3644.

# Rear Adm. Brown Visits, Presents Awards

Guantanamo Bay was honored to host Commander Navy Region Southeast, Rear Adm. Annette Brown. After changes to her schedule forced cancellation of two previously scheduled visits, she was finally able to complete her plans to visit the base.

It had been a while since Adm. Brown had been able to tour GTMO, and she was eager to see what changes had taken place. Following a lunch with the Chief Petty Officers she toured the base with Capt. Les McCoy, beginning with Leeward Pt. and continuing to Windward later that afternoon.

Tuesday morning, she presented awards at the monthly Naval Station Quarters and Colors Ceremony outside Bulkeley Hall, followed by a reenlistment ceremony for YN2 Janelle Stevens and then a tight schedule of visits with numerous organizations and departments.

Tuesday's lunch found her visiting and dining with Naval Base enlisted community representatives at the Naval Hospital Galley.

After lunch it was time to pack up and return to Leeward Pt. for her trip back to Jacksonville. Before leaving though, she passed on to Capt. McCoy that she was impressed with the professionalism of base personnel and was proud to be among them.

# Spouses Seminar, NEX Fashion Show Spotlights GTMO Fall Fashions

The lights dimmed, the music began and cameras were poised. The crowd on hand at the Windjammer was treated to the sight of the latest fashions available at the NEX modeled by community residents.

The "Fall Fashion in GTMO" fashion show highlighted everything from what "not" to wear in GTMO to a salute to military fashions.

The event was the culmination of months of planning and work by the Spouses Seminar Planning Committee.

The fundraiser raises money for the annual Spouses Seminar, an event in which spouses of local residents gather and are given the opportunity to learn more about military life in GTMO through various workshops.

Next year marks the fourth year of the annual seminar, with each one being bigger and better than the last.

The committee would like to thank all the volunteer models who walked the runway with grace and style, the NEX for providing the fashionable wardrobes and the residents of GTMO for attending the successful event!

The Spouses Seminar Committee is meeting Wednesday, October 8 at 5pm at the Fleet and Family Support Center. Join us to discuss fundraisers and plans for the 2004 Spouses Seminar.

## *In Memorium*

Guantanamo Bay mourns the passing of one of our oldest friends from across the fenceline. Mr. Oscar Montoto was born on March 22, 1917 and began his U.S. Government Civil Service career in December 1942, working for the NEX for over 60 years.

With only a three-year gap in his service during World War II to recover from an eye injury, he returned to the NEX where he became the Warehouse Leader and Head Stock Clerk.

Throughout his years of service, Mr. Montoto received numerous Outstanding Performance Certificates and Letters of Appreciation. He was a very dedicated,

responsible and loyal employee.

During World War II, Mr. Montoto used to walk to work from his home in Guantanamo City. He loved his work and on many occasions, had to be forced to take time off when he accumulated excess leave.

During this year's Cuban American Friendship Day celebration, Mr. Montoto was presented with the "Walking Stick," an honor and award bestowed upon the oldest Cuban commuter.

Mr. Montoto was respected and loved by all who had the honor of knowing him. He is survived by his wife, Yolanda, daughter, Nancy, and two grandchildren who reside in Guantanamo City, Cuba.

# GTMO Remembers America's POW/MIAs

Through prayer, song and touching speeches the GTMO community came together on National POW/MIA Recognition Day at a solemn ceremony held Friday, Sept. 19 at the POW/MIA

Memorial. Guantanamo Bay's military and civilian community paid tribute to thousands of American soldiers who are still missing in action and/or prisoners of war.

*The following essays and poem are from the W.T. Sampson Elementary School. Alice Helms (shown left) read her touching essay to the crowd at the POW/MIA Recognition Ceremony*

## America's People

By Alice Helms

America is one of the wealthiest countries in the world, but it's not because of our land or our technology. It's because of the people – the people who farmed the land and the people who invented new things.

These same people make up our armed services and protect our land and our freedom. They are out there right now, on the line, risking their lives for all of us.

When I did some research on America's wars and the POWs, I realized that Americans proudly volunteer to serve and protect our country even if it means giving their own lives. They still hold their heads high and have extraordinary faith – faith in themselves, faith in their cause, faith in their country and faith in their God. How amazing to know that these brave men and women died for us!

POWs are able to get through situations because of their faith. They face pain throughout long days and nights. When they fall, they die knowing it was for their country. War is so sad, but also necessary to keep our freedoms. The love of our country is the reason Americans willingly take on wars to protect our rights. We are grateful to our POW/MIAs. There will always be freedom because of their courage.

## We Remember the POWs and MIAs

By Hayden Kemp

We need to remember our POWs and MIAs like Larry Edward Green, Frankie E. Allgood, Richard Evancho, Ernest C. Kerr and Glen W. Mowary. These soldiers were in a helicopter transporting wounded to a hospital when they were shot down in Vietnam on March 26, 1968. They are still missing in action. These are only a few of the many soldiers who were defending our country when they became MIA.

To all POWs and MIAs, thank you for fighting for the sake of our country. We are proud we are Americans and that people care enough to defend our country and us.

We need to take time to appreciate and remember the people who are still missing in action and those who were taken as prisoners of war. We are thankful that some have returned to us and are able to be thanked in person for their sacrifices. Someday it just might be one of us standing up for America – the land of the free and the home of the brave.

## Please Return Home

By Nicole Lara

Please return home safe and sound  
You will be freed and found  
Please return home to your family  
Knowing that you helped make the USA a free country  
Please return home safe and sound  
You will be freed and found  
Please return home we want to know  
Are you hurt, in prison or lost  
If you are missing, we will always pray  
That you are healed and found  
Please return home safely  
Yet I want you to know  
That you made our home a better place to be

# Housing Office to Conduct Satisfaction Survey

### From the Navy Housing Office

In October, housing residents will receive a Resident Satisfaction Survey. The survey is part of the Housing Office's performance assessment program, and your participation is critical.

The results from the survey will be used to identify what GTMO residents like and/or don't like about the property management services, the property and the performance of the Housing Office. With your cooperation and candid responses, the Housing Office can continue to improve its service to you.

The survey is called REACT and was designed by the nationally recognized real estate consulting firm of CEL & Associates, Inc. The survey will take approximately 10 minutes to complete. Once you have completed the survey, please seal it in the pre-addressed, pre-paid envelope and mail it to CEL & Associates, Inc.

Only CEL & Associates, Inc. employees will open the return envelopes and they have been instructed not to disclose the responses of any individual survey to us. The survey results are completely confidential and anonymous, so please express your true feelings and thoughts.

The bar code, number and boxes on the survey and the color-coding on the return envelope only identify your community. They do not identify you individually.

If you want to elaborate on a particular issue or would like to be contacted regarding a specific concern, please complete the comment card that is provided. Your card will be forwarded for review and direct response, if requested.

It is very important that you complete and return the survey as soon as possible for your opinions to be included in the tabulation and analysis process.

# Military Volunteers Wanted for New Reading Programs

The Senior Petty Officers' Association (SPOA) and W.T. Sampson Elementary School are working together to develop two new reading programs

The first is a Guest Reader/Arts & Crafts Program. Military volunteers are needed to read aloud in classrooms at least once a week. If you want to get more hands on, you can volunteer to do various arts and crafts projects

Volunteers can choose to work with the same class each time they volunteer or try working with various grade levels. If you choose to work in the same class, you and the teacher can work out your own volunteer schedule.

If you are interested in volunteering, contact JO1 Amy Kirk at 4502 or email [n04b@usnbgtno.navy.mil](mailto:n04b@usnbgtno.navy.mil). Let her know the day and time you would like to volunteer and if you will be reading or doing an arts and crafts project.

The second program is a monthly "Read In." This program gives military volunteers who have limited time during the week a chance to volunteer on a Saturday.

The event will be held at the elementary school and is for all elementary grades. So whether you feel like reading Dr. Seuss or Harry Potter, there is something to suit any taste.

Coordinators are hoping to have the first Read In on Oct. 18. If you are interested in volunteering, contact JO1 Amy Kirk. Also, read the Gazette for more details.

The primary goal of both reading programs is to help children associate reading with pleasure and to promote the value of education and literacy by improving reading and learning skills. The goal of the arts and crafts program is to inspire creativity and teach an appreciation of art.

All volunteers will be given a copy of "Shared Reading" guidelines. This reading format highlights key ingredients for a successful reading experience.

Volunteers will also be given a list of general craft ideas that could be incorporated with almost any storytime book.

Marshmallow passed away last week at the age of one year, after battling recovery from a serious operation. He touched the lives of several people in this community and will be greatly missed. He was especially loved by his parents, LT Eve M. Sansone and husband Mario Betancourt, Jr., along with his sister Aerial. We would like to thank CAPT
